## Commissioner for Patents

The reply filed on March 12, 2008 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicants have argued that claim 19 is drawn a urea/urethane polymer consisting of (a) repeating units derived from a hydroxy-terminated copolymer prepared from tetrahydrofuran and one or both of an alkylene oxide and a cyclic acetal and (b) repeating units derived from a polyisocyanate; however, this argument is not commensurate in scope with the claim, as amended. See last paragraph of page 13 of the response. Claim 19, as amended, is not limited by the transitional language, "consisting of". In fact, claim 19, as amended, is devoid of any transitional language within the argued phrase; accordingly, the claim, as amended, is indefinite. Since applicants' argument fails to correspond to the limitations of the claim, applicants have failed to provide an adequate response to the prior art rejection. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

Any inquiry concerning this communication should be directed to R. Sergent at telephone number (571) 272-1079.
